June 2018

President's Corner

I hope all of you are surviving our early hot weather; it would be nice if we could have a cool front (without rain) come in on Field Day weekend, June 23rd and 24th. Please try to attend our regular meeting on June 16th, final plans for Field Day activities and the Founders Day dinner need to be solidified by that date. Members and spouses are invited for the meal, and you have hopefully seen some emails on the Google Groups reflector about this already. We need a firm count for the meal on June 16, a definite list of who is bringing food for the meal, and we also need a firm count on radio operators on that date. I know some members have an issue with midday heat, but maybe you could plan to operate early morning or after the dinner. Please try to be as active with Field Day as you are able. Hope to see all of you at the meeting on June 16th.
